

Memo: 21/NBMMS/2020-21

Date: 12th April, 2020.

Circular to Parents: initiating the Online learning platform for Class Nursery to Class VII

Dear Parents,
Wish you a Happy Easter!

I am overwhelmed by the way the NBMMS family has responded in these times of crisis; and hope, that with such a panel of dedicated and like-minded people, why we would not be able to sail through the storms!

I am elated to see how our parents have responded at the time when we needed to stay positive as a community! Thank you dear parents for all your support. How long the period of struggle would last, one doesn't know; what one knows is that as NBMites we can face it!

I am happy to share with you that we will be initiating the Online learning platform (Pocket Study) for Class Nursery to Class VII, from Wednesday, 15th April 2020.

The Online Live classes are being organised for class Nursery to VII including learning through live classes, audio classes, flash card, document, video and PPT presentation and online test.

Steps to go ahead:

1. The school will share the Online Classes time table with all students through ERP. Please make them follow the timetable earnestly.
2. Download Pocket Study App from Play Store,
3. Log in viz same user name and password of our institution App (MyClasscampus)
4. Go to 'Explore Content' and navigate to the subject.

Parents must help their children in this process to make the learning process more effective and meaningful.

For any kind of help/ query the parent may contact us.

I am sure it will initiate your wards into the new session. May the lessons learnt in these challenging days teach all of us to adapt and appreciate, and not always crib and criticize for little discomforts!

God bless you!

Joy Sebastian
Principal.
